This boy stood on the burning deck,
Whence all but he had fled;
He saw amid the crop's wreck
A box, and, calling, said:

"Say, Aubur, say if I may sit
Upon this box and wait?"
And then without his sire's permit,
Down on that box he sate.

"Say, Aubur," once again he cried,
"My patience is close gone!"
And but the burning deck replied,
And but the flames rolled on.

Then came a burst of thunder-sounds—
The boy, oh! where was he?
Upon the box, high did he bound,
Then floated on the sea.

For 'twas a box of Ivory Soap,
And buoyantly it bore
That gallant child, who ne'er but hope,
Sale to the sandy shore.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the 'Ivory'!" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

The object of this advertisement is to call the attention of the careful conservative public to the following array of FACTS. No city in America is growing so rapidly today as is

— DULUTH —

The volume of its business and commerce is now that of a city of 150,000 people, and increasing with herculean strides. The city is fully forced to grow to keep pace with its business. The climate is healthy and delightful, the average winter temperature for fourteen years being 18 deg. above, and average summer temperature for the same time 63 deg., being a mean of over 40 deg. The Scenery, Churches, and Schools are of the best.
